Henry Wilson Coil Library Exhibits in London

The Library and Museum of Freemasonry for the United Grand Lodge of England, located in Freemason's Hall in London, in honor of (?) the anniversary of America's Independence Day, is currently displaying a new Exhibit: The Patriot Mason: Freemasonry in American Society. It details the role of Freemasonry in American society from the 18th Century through the present day. As part of the collection on display, two artifacts from our Grand Lodge's H. W. Coil Library and Museum are on loan. An armband from the Masonic Ambulance Corps and a Knights Templar Fatigue Uniform Cap (Kepi).

And for those of you going to our Annual Communications in September who while there may wish to explore the latest collection being displayed in the H. W. Coil Library, consider visiting their current Exhibit, "The Legacy of the American Anti-Masonic Period, 1826-1838". Drop in and take a look!

CREATE A MASONIC EDUCATION PROGRAM!

Based on your inputs to Grand Lodge over the past half year, the Strategic Plan formulated for California Masonry covering the next five years includes the development of Masonic Education as a major priority in each Lodge. A number of resources are now in process of being developed to assist the Lodges in this important activity, from a new coaching program to developing informational DVDs and increasing educational events. Also improved candidate education, with new resources, is in process.

An excellent way for your Lodge to begin to offer a meaningful and attractive education program to your members is by reviewing and adopting the guidelines described in the June 2011 "Leader" publication provided by Grand Lodge. You can access this publication on the Grand Lodge Web Site, under "News and Events". Get one of your Brothers to take this project on as a key activity for your Lodge! It will reap super results once you get started!
